All cases come with a one year limited warranty, are an economic & eco-friendly choice & made in North America. Shipping dimensions may vary.

ARTWORK GUIDELINES

ACCEPTABLE FILE FORMATS

Illustrator CC 2019 or below
Photoshop CC 2019 or below

High Quality PDF - preferred VECTOR format
TIFF - preferred RASTER format

High quality, editable PDFs are preferred, as they are more suitable applications for large format printing as well as our preflight software. Art time will be charged if files need to be fixed or altered to meet guidelines so we urge our clients to take advantage of our many graphic templates as they are already set up to the correct dimensions and include information such as obstructions, bleeds, fold and stitch lines. Graphic templates can be downloaded from:
www.promohandbook.com/download-graphic-templates

Please note that Illustrator special effects such as glows, transparencies, or drop shadows are not recommended. These effects sometimes have unpredictable results when printing. Photoshop is preferred when using these special effects. We also cannot guarantee color output of these effects.

FONT SPECIFICATIONS

Fonts must be converted to outlines. If fonts are not created to outlines, please provide Macintosh or TrueType fonts. If changes need to be made in the file, please provide the fonts and a version of the file with editable type.

COLOR SPECIFICATIONS

Please provide all vector files (Illustrator) in CMYK format. Please supply all raster artwork (Photoshop files, jpgs, tiffs) in RGB format for the most accurate color output. Please provide a hard copy proof of the files being printed for color accuracy and a PDF layout for file layout accuracy.

If Pantone colors need to be matched please specify on purchase order or hard copy reference. All critical Pantone colors need to be called out in the file as solid coated swatches. If multiple Pantone swatches are used in the file, all will be matched to solid coated unless otherwise specified.

If color matching to existing graphics, we will need those back to review. Please contact your sales representative for a case number.

Please feel free to submit catalogs, brochures, printed proofs, etc. to use as a color reference. Please provide a layered file for Photoshop files if color matching is required. Art time may be charged to correct flattened Photoshop files.

We guarantee color matching on all hard copy proofs, specified Pantone colors and client-supplied hard copy proofs. Orders without indication of Pantone colors, supplied proofs or requested hard copy proofs are NOT guaranteed for color.

RESOLUTION

All raster files (either print files or linked files) must be at 100-120 pixels per inch at 100%.

VINYL CUT GRAPHICS

Artwork must be set up as a vector file with fonts created to outlines for all cut vinyl. Please specify every color number for solid color vinyl or PMS color for adhesive back and cut vinyl.

SUBMITTING ART FILES

Files are accepted via Email (up to 5MB), FTP site or File Transfer site such as WeTransfer or Hightail.

Files can be uploaded to: www.handbookart.com

Please reference the FTP site guidelines for more information.

Do NOT include printer marks such as crop marks and print registration marks in your print ready files. File size - no more than 1GB files.

MURALS & POPUP GRAPHICS

Popup mural files must be built as one file. Please note where panel breaks are located and try to minimize the amount of type that crosses over the panel breaks.

BLEED SPECIFICATIONS

All graphics produced require specific bleeds. Below is a general outline for the required bleeds.

- **MURAL POPUP FILES:**
1/2" bleed around the perimeter
- **COLLAPSIBLE FABRIC DISPLAYS, TENSION FABRIC BACKWALLS AND EXTRUSION FRAME BANNERS AND BACKWALLS:**
2" bleed around the perimeter.
Please keep all logos, type, and critical information at least 2" in from the visual edge of the graphic.
- **FABRIC HANGING STRUCTURE GRAPHICS:**
5" bleed around the perimeter.
- **BANNER STAND GRAPHICS:**
Each product has specific bleed requirements. Please refer to the graphic template for specific information. Different printing processes may require different bleeds. All banner stand graphics printed on fabric will require an extra 1" bleed around the perimeter.
- **CUSTOM DYE-SUB FLAG GRAPHICS:**
2" bleed around the perimeter.
- **ORBITAL EXPRESS™ TRUSS GRAPHICS - UV:**
1/2" bleed around the perimeter.
- **ORBITAL EXPRESS™ TRUSS GRAPHICS - DYE SUB:**
2" bleed around the perimeter.
- **CUSTOM CONTOUR CUT UV GRAPHICS:**
1/2" bleed around the perimeter.
- **CUSTOM DYE SUB GRAPHICS:**
2" bleed around the perimeter.
- **CUSTOM DYE SUB GRAPHICS EXCEEDING 160":**
5" bleed around the perimeter.
- **OUTDOOR TENT CANOPIES, WALLS AND UMBRELLAS:**
1/2" bleed around the perimeter.

FTP SITE GUIDELINES

We provide an FTP site to upload files quickly and at no additional cost. The site can be accessed through a web browser or an FTP software such as FETCH. Please read below for detailed instructions.

1. Please place all art files in a folder. Please name the folder by client name and purchase order number.
2. Compress files using software such as WinZip or Stuffit. All compressed files must be under 500MB.
3. Access the FTP by web browser or FTP software.

IMPORTANT TURNAROUND TIMES

- The quality of the artwork will affect the time it takes to prepare files for print.
- Electronic proofs are sent via email for all graphic jobs.
- Hard copy proofs are sent upon request with an additional charge and will also require one extra business day for turnaround time.
- The times below are average lead times for standard products; extenuating circumstances may require times to be adjusted.
- All production times are based on graphic proof approval.
- For next day turnaround times, all proofs must be approved by 6pm central time in order to be considered a production day for products requiring one pre-production day.
- All proofs must be approved by noon central time in order to be considered a production day for products requiring two or more pre-production days.
- All orders must be received with artwork by noon central time to be counted as a pre-production day.
- Same day shipping is available on a number of hardware only products including; lights, literature racks, banner stands, Coyote, Hop-up, Formulate Essential, Embrace, Zooms, Outdoor Tents & X-Claim.
